NEW FRAGRANT GLADIOLUS

“SWEET AND LOVELY”

The first fragrant Gladiolus that has the height and size of other fine Gladiolus and will grow and flower right out in the open in your garden. All other fragrant Gladiolus are small and grow on short weak stems and are suitable only for growing in a hothouse, but **“SWEET AND LOVELY”** is just as hardy out-of-doors as any other Gladiolus, and requires the same treatment as your other Gladiolus. The flowers are a most delightful saffron color, tinted orange. The individual florets are four inches wide and the flowering stalks are three to four feet tall.

But the outstanding feature of this lovely new variety is its fragrance, for **“SWEET AND LOVELY”** brings us an entirely new fragrance all its own. It is not the overpowering fragrance of the Lily; neither is it the fragrance of the Rose, or the Violet, or any other flower. It is a new fragrance, the fragrance that will be identified with the fragrant Gladiolus of the future, a fragrance that is delicate, subtle, yet sweet and distinct. The fragrance is greatest just as the flowers are opening, and in order to enjoy the full benefit of their sweet odor, they should be cut just as the buds are opening and placed in a vase of water in a quiet, fairly warm room.

You will surely want to enjoy both the beauty and the fragrance of **“SWEET AND LOVELY”** in your garden and in your home this summer, for it is equally attractive in the garden or as a cut flower.

The World's 15 Best Gladiolus

These 15 Varieties Received the Highest Votes of the American Gladiolus Society, and in the opinion of its members There are No Finer Varieties in the World than these 15 Varieties. Persuing my policy of offering only the best, I have assembled these 15 varieties into one superb collection and now offer them at prices within the reach of all. In selecting a representative group of Gladiolus for the garden, one can well afford to be guided by the combined judgment of the members of the American Gladiolus Society as expressed in the ballot of the National Society. With thousands of varieties to vote upon, Picardy received the largest number of votes and has been proclaimed The World's Finest Gladiolus; Minuet received the second largest number of votes; Marmora third, etc. The varieties that received the 15 highest votes are listed below in the order of merit according to the number of votes received.

When the membership of the American Gladiolus Society, consisting of the country's leading professional growers, breeders and Gladiolus enthusiasts, give these 15 varieties the greatest number of votes, it is obvious that these 15 varieties are the last word in Gladiolus excellence. They are all of outstanding merit, large flowers, of magnificent form, texture and color, with many flowers open on a stalk at once, some of the individual florets measuring six to seven inches across. Each is the finest of its class. They carry off all the prizes wherever they are shown. And so, if you wish to have a collection of Gladiolus that will be the sensation of your community, either on the show bench or in the garden, this is your opportunity.

Cultural Directions Included With All Shipments.

You May Choose Individual Varieties or Order Complete Collection

PICARDY—The sensation of the Gladiolus world and winner of the highest symposium vote. Soft shrimp pink. Florets up to seven inches across, many open at once. Sold three years ago for \$2.00 a bulb. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

MINUET—The finest of its color; see color illustration on outside cover page. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

MARMORA—Exquisite flower; unusual lavender-gray, with bright petunia spot. Many flowers open at once. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

BETTY NUTHALL—Always a Prize Winner. Glowing orange-pink with soft yellow throat. Florets sometimes six inches across, eight or more florets open at once on the same spike. As many as five spikes to a single bulb. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

W. H. PHIPPS—Received highest vote for several years and still one of the five best. Gorgeous salmon pink; very large flowers, many open at once. My own special favorite. If I could have but one Gladiolus it would be W. H. Phipps. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

COMMANDER KOEHL—The world's finest red variety. A gorgeous flower, large, tall and stately. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

MOTHER MACHREE—Invincible lavender, with glints of salmon and gold and a delightful yellow area at the throat. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

PFITZER'S TRIUMPH—Enormous salmon-orange flowers. Winner of innumerable prizes. Best in its class. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

DR. F. E. BENNETT—A grand variety and dependable prize winner. Unexcelled brilliant scarlet. Gigantic flowers, many open at once. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

MRS. LEON DOUGLAS—Magnificent begonia-rose, flaked scarlet. One of the largest and showiest of all Gladiolus. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

ALBATROSS—The world's best white, absolutely pure; gigantic flowers on tall spikes, many open at once. Received highest vote of all whites. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

GOLDEN DREAM—Rich golden yellow. Proclaimed the world's best yellow by receiving the highest number of votes of all yellows. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

MAMMOTH WHITE—A gorgeous white, with a beautiful cream throat. Gigantic flowers, even larger than Albatross. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

AFLAME—A flaming scarlet of the finest Primulinus-Grandiflorus type. Gigantic spikes and blooms and a magnificent flower. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

EMILIE AUBRUN—Immense flowers of rich rose red suffused blue, with brilliant carmine spot at throat. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

Robert Wayman's "Bouquet" Collection Of Choice Gladiolus

CORYPHEE

One of the fine varieties included in Robert Wayman's "Bouquet" Collection. This variety may also be bought separately for

12 for 65c
100 for \$3.50

I believe that this is the finest collection of Gladiolus that has ever been offered in a mixed collection at any price. I know it is by far the finest collection of this type that I have ever offered. More than 100 choice varieties have been used in making up this collection, including the varieties that were grown by me at the "Century of Progress" Exhibition, where they were one of the attractions of The World's Fair. Coryphee, illustrated on this page, is one of the varieties in this collection. All are magnificent flowering size bulbs and guaranteed to be clean healthy stock. This collection covers the entire range of Gladiolus colors, in many shades and tones of blue, yellow, rose, lavender, salmon, scarlet, white, orange, purple, gray, crimson, etc., all mixed together in a uniform, well-balanced blend. In many varieties the individual florets are four to six inches across and the flower stalks four feet high.

This is a gorgeous collection for mass planting in the garden, as well as for cut flowers. A 60 day succession of bloom may be expected from one planting, and by making two or three plantings 30 days apart, flowers may be had all Summer long.

Order as many collections as you can make room for. If you do not have room for 100, get your neighbor to join with you, but 100 Gladiolus require a space only 3 by 3 feet and many gardens have room for several collections.

NOTHING EASIER TO GROW

There is nothing easier to grow, or more satisfactory than Gladiolus. Just put them in the ground and await results. Plant them anywhere, in clumps, in beds or in rows; or fill in the unused spots in your garden. These superb flowers will add a magical spot of color wherever you put them. Each package will contain a pamphlet telling "How to grow fine Gladiolus."

TIGRIDIA PAVONIA (Mexican Tiger Flower)

(Also known as Mexican Shell Flower)

These very rare and indescribably beautiful flowers are of the most exotic appearance and never fail to attract attention. I offer the most marvelous hybrids in the world of this very showy flower. The colors of these unusual hybrids range from soft yellow to deep orange and from soft pink to red, scarlet and crimson tones. There is also a pure snow white. Some are solid colors and others have beautiful leopard-like spots at the throat, those with spotted throats predominating. Plant in the spring and enjoy their loveliness all Summer.

PLANT PATENT
NO. 8

MARY HART — Plant Patent No. 8. Unsurpassed as a red rose, the color being a striking, brilliant velvety blood red, as shown in the cut. Unexcelled in its color.
\$1.00 each \$10.00 dozen

THE SENSATIONAL EVERBLOOMING CLIMBING TALISMAN ROSE

This new Climbing everblooming form of the Famous Talisman Rose created a sensation in my Long Island gardens last Summer. Plants set out in the Spring were in full bloom in June and were never out of bloom from that time until after the middle of November. The large double flowers are identical in shape and color with the bush form, but are even larger and more handsome. The above cut does not begin to do them justice. If this were a patented rose it would no doubt be selling at more than double the price I am asking for it, but as it is not patented, I can set my own price on it and am glad to be able to sell it at a price that is within the reach of the average pocket-book. The plants furnished will be all strong number one, field grown, two year old plants, which should give you an abundance of blooms all Summer.

\$1.00 each; 6 for \$5.00; 12 for \$9.00

GOLDEN CLIMBER ROSE (Mrs. Arthur Curtis James)—Plant Patent No. 28. The color illustration at the right gives but a very faint idea of the great beauty of this magnificent rose, for it is a perfectly gorgeous flower of Hybrid Tea Type, four to five inches in diameter, perfectly double, and of fine form. It was the winner of the Gold Medal awarded by the Massachusetts Horticultural Society. It also had the great distinction of being the winner of the American Rose Society's Medal for the Best Rose of 1933. It is a pure deep yellow climber, the flowers usually being produced one to an 18-inch stem, making them ideal for cutting. It has hardy glossy foliage and ornamental red thorns on rich green wood. The flowers are exquisitely fragrant. The plant is a rugged grower and it is hardy in severe sub-zero weather. It is the Yellow Climber that Rosarians have been looking for.

\$1.50 each \$15.00 dozen

© 1933

PLANT PATENT
NO. 28

BLAZE CLIMBING ROSE—Plant Patent No. 10. See outside cover illustration. A sport of Paul's Scarlet Climber, with all its vigor, beauty and hardiness, but with a tendency to produce two or more crops of flowers a year when fully established.

\$1.25 each \$12.50 dozen

NEW DAWN—Plant Patent No. 1. The new everblooming Dr. W. Van Fleet. A lovely soft pink Climber. Awarded the Bloomfield Medal for the Best New Climbing Rose by the American Rose Society in 1935, this being the first time this Medal has been awarded.

\$1.50 each \$15.00 Dozen

CLIMBING EVERBLOOMING RADIANCE ROSE—For many years the famous "Radiance" Rose has been the standard by which all other Hybrid Tea Roses are judged as to blooming habit, vigour, hardiness, and general desirability everywhere. There never has been a more perfect flower than the Radiance Rose. Now we have the Everblooming Climbing form, with all the desirable qualities of the parent. Perfect salmon-pink to silvery-pink flowers on long stiff stems, excellent for cutting, exquisitely fragrant and always in bloom. Why have a rose that blooms once, when you can have the finest rose in the world always in bloom at small cost. See illustration at left.

\$1.00 each; 6 for \$5.00; 10 for \$9.00

CLIMBING EVERBLOOMING RED RADIANCE ROSE—Exactly like the above in size, form, habit of bloom, etc., excepting that the color is a rich deep red. See illustration lower left.

\$1.00 each; 6 for \$5.00; 10 for \$9.00

JACOTTE—I originally imported this magnificent Rose from Europe and it has been a sensation in my gardens ever since. The color is a brilliant shrimp pink, deepening at the base to orange yellow and deep copper and touched with a bit of flame color. No other rose is quite so enchanting. Added to its other delightful qualities, it is exquisitely fragrant. It is a vigorous grower, hardy anywhere, disease resistant, free flowering and has unusual glossy green foliage that makes it always look as though it were just freshly polished.

\$1.00 each \$10.00 dozen

THE BEST OF THE NEW HARDY EVERBLOOMING HYBRID TEA ROSES

TOP SIZE PLANTS ONLY

I could furnish these same roses for less money if I were willing to send less desirable plants, but I am not. Every bush sent will be selected for quality and each will be a strong two year old field grown plant, with heavy root system, ready to flower in a few weeks after planting in your garden. But place your order at once, as I expect thousands of orders for these extra heavy top size "Cream quality" plants.

E. G. HILL—A new rose with dark red buds, opening to dazzling scarlet. Greatly honored by the American Rose Society by being placed in **Class Two** of newer roses in 1933. Free flowering and delightfully fragrant.

ETOILE de HOLLAND—A perfect flower, whether in bud, half open, or full bloom. See color illustration No. 3. Likes half shade best. Signally honored by being named **First** in a list of 12 Hybrid Tea "Favorite Roses" selected by experts in the 1929 American Rose Society Annual. Flower of large size, incomparable fragrance, perfect form and exquisite color.

LADY HILLINGDON—See color illustration No. 4. A strong grower and free bloomer with flowers of sweet fragrance. One of the dozen best. Prefers part shade.

LOS ANGELES—See illustration. A great favorite on the Pacific Coast, where it is superb. A magnificent flower with very sweet fragrance.

MRS. CHARLES BELL—A lovely shell pink sport of Radiance with all the good qualities of Radiance. One of the 12 best roses.

MRS. E. P. THOM—Pure yellow. Highly honored by being placed in **Class One** of nine newer Hybrid Teas in the 1933 American Rose Annual. Fragrant and free flowering, healthy and fine for cutting or garden.

PRESIDENT HERBERT HOOVER—See colored illustration No. 1. Greatly honored by being placed in **Class Two** of newer roses in 1933 American Rose Annual. Fragrant and free flowering.

RADIANCE—This rose, also the Red Radiance and Mrs. Charles Bell, should be in every garden. They are tops in color, form, profusion of bloom, hardiness and every other desirable quality. Radiance is salmon-pink to silvery-pink. Always in bloom.

RED RADIANCE—Identical with Radiance, excepting for color, which is deep red.

REV. F. PAGE ROBERTS—See color illustration No. 9. One of the most beautiful of all roses and one of the 12 best. Perfect in bud and flower. Fragrant.

TALISMAN—See color illustration No. 6. Superb for cutting and for the garden. Always in bloom if given a sunny location and rich soil. **Class One** in American Rose Annual.

WILLOWMERE—See color illustration No. 2. One of the 12 Hybrid Tea "Favorite Roses" selected by experts in the 1929 American Rose Annual.

Enjoy 12 Months of

Why be Satisfied with a Few Weeks of Iris Bloom, when you can enjoy these beautiful "Daughters of the Rainbow" from spring until frost and then on through the winter. I have arranged the following 12 collections in the order in which they bloom, for a complete succession of flowers throughout the year. You may order the entire 12 collections, or only such groups as you may need to complete a full season of Iris bloom in your own garden.

Each collection contains the very cream of a definite Iris Group, personally selected by me to cover the widest possible color range. Every Plant Will Be Carefully Labelled and all will be strong, healthy, flowering size plants. You will be pleased with these carefully planned collections. Postpaid anywhere in the U. S. Cultural Directions accompany all shipments.

Iris Fulva

One of the varieties in Collection No. 8

Collection No. 1—RETICULATA IRIS The First Flowers of Springtime

Blossoms in March in our Northern States, Right Through Snow and Ice. (A month earlier in the South.) A rare prize for the Rock Garden, or any other spot where a mass of early flowers is wanted. Color, rich royal purple, with lovely golden veining at the throat. Violet scented. Rugged and easily grown. Free flowering, on 12 inch stalks. Four-sided, square, grass-like foliage. Hardy anywhere. I know of a clump that has flowered undisturbed for 50 years in a New England garden. A dozen or more bulbs should be planted together, about two inches apart.

12 Rare Reticulata Iris for.....\$2.00

Collection No. 2—LOVELY MINIATURE IRIS FOR THE ROCK GARDEN

Also Useful for Edging Small Beds and Borders, etc. These Miniature jewels follow the Crocus and Iris Reticulata in bloom during the early spring. They are prodigious bloomers and have all of the characteristics of the Tall Bearded Iris, but on a smaller scale. In height these little gems range from 6 to 10 inches. This collection will contain 15 plants in at least six choice varieties, carefully selected to cover the color range, including a lovely rich wine shade, an exquisite soft sky blue, a glistening snow white, a rich golden yellow, a deep velvety purple, etc. A treasure collection for the rock garden, or for planting in front of the taller Irises, or for the front of the perennial border. Hardy anywhere. All labelled.

15 Lovely Miniature Rock Garden Gems, in at least 6 Choice Varieties for only.....\$2.00

Collection No. 3—POGOCYCLUS HYBRIDS

This race contains many of the most handsome Iris in the world and this collection contains only the finest of them; including Wm. Mohr, the very best and highest rated of all. Only a few years ago Wm. Mohr sold for \$25.00 for a single plant. The Pogocyclus Hybrids follow the Miniatures in bloom, flowering throughout May in our Northern states (a month earlier in the south) and continue until the next group comes into flower. These Pogocyclus Hybrids are very rare and are as different from all other Iris as though they belonged to another planet; even the varieties themselves differing greatly from each other. All are hardy anywhere and as beautiful as the finest orchids. All labelled.

5 Magnificent Pogocyclus Hybrid Iris All Different, Including Wm. Mohr.....\$2.00

Collection No. 4—EARLY-FLOWERING IRIS ARISTOCRATS

English, French and American Hybridizers have helped to prolong the Iris season by producing this Early Flowering race of Tall Bearded Iris Aristocrats. They are easy to grow and hardy anywhere. They follow the Pogocyclus Hybrids in bloom and will come into full flower in your garden while your neighbors are still looking for buds on their Iris. Each variety is a Masterpiece; one was introduced recently at \$40.00 a plant; another sold recently at \$25.00 for a single plant. Each one is a different color. One of them is the deepest colored Iris grown, so intense that it seems to be dripping with color; and so velvety that the entire flower seems to be cut out of the finest plush. They are all large and handsome.

10 Early-Flowering Irish Aristocrats, No Two Alike, Each Separately Labelled.....\$2.00

Collection No. 5—SURPRISE COLLECTION OF MAGNIFICENT TALL BEARDED IRIS

These follow the Early Aristocrats in bloom, and are the best known of all the Iris Groups. A real surprise awaits you in this collection. It contains some of the world's highest rated varieties, winners on the show benches and in the garden. ONE IS A WINNER OF THREE MEDALS, the only Iris so honored. There is a lovely bronze blend, an exquisite orchid pink, a brilliant fiery red, a gigantic fragrant lavender, and other equally striking and unusual varieties. You will be amazed at the marvelous beauty of some of these latest creations of the Iris world. Hardy anywhere. All labelled.

10 Magnificent Beauties, all different.....\$2.00

Grand All-Year Round Collection, Consisting of

Beautiful Iris Bloom

Collection No. 6—THE WORLD'S FINEST SIBERIAN IRIS

This is the finest set of Siberian Iris obtainable anywhere in the world at any price. I will include in this collection several varieties that sold recently for \$5.00 and \$10.00 for a single plant. Many eminent authorities consider the Siberian Iris the finest of the Iris family. They are prodigious bloomers and make excellent cut flowers. A single plant will soon form an established clump that will produce 50 or more flower stalks. In form they differ from all other Iris. Devote a spot in your garden to these lovely Siberian Iris; they will fill it with beauty. They are the easiest of all Iris to grow and may be planted anywhere in the garden, either in full sun or semi-shade.

10 Superb Siberian Iris, All Different, Properly Labelled for.....\$2.00

Collection No. 7—CRESTED IRIS

This group is distinguished by a prominent crest, similar to a cock's comb, which extends down the centre of the falls. The crest is composed of the same material as the balance of the petals and is sometimes beautifully frilled and one of the attractions of this group. This collection will include Tectorum, the famous blue "Roof Iris" of China and Japan; Cristata, a lovely, fragrant, amethyst-blue Miniature for a semi-shady pocket in the rock garden, or any other semi-shady position in the garden; Cristata Alba, a white form; and Gracilipes, a lovely pinkish-lavender Japanese Miniature.

4 Crested Iris, All Different, All Labelled....\$1.75

Collection No. 8—BEARDLESS IRIS SPECIES AND HYBRIDS

Rare and Graceful Flowers for Cutting and Landscaping

For continuation of the Iris Flowering Season, nothing is more important than these marvelous and little known Beardless Iris Species and Hybrids; for they fill in the gap in the flowering season between the Tall Bearded Iris and the Japanese Iris.

The flowers are ideal for cutting, being interesting in form, vivid in coloring, and permitting of graceful arrangement. They are not only different from all other Iris, but each variety has an individual distinction all its own. This collection includes a burnished metallic copper color, a rich Royal Purple, a lovely soft blue, a deep yellow, a fine red, a lovely white and gold, and others equally distinctive. This collection will also include the famous newly discovered Louisiana Species, Giganticaerulea, which just two years ago sold at \$5.00 for a single plant. All labelled.

10 Magnificent Beauties, All Different.....\$3.00

Collection No. 9—SUMMER-BLOOMING JAPANESE IRIS

These gorgeous beauties follow the Beardless Species and Hybrids in bloom. They are the showiest of all Iris and produce a marvelous color effect just when flowers are scarce. Many will produce flowers as large as a dinner plate. This collection will be personally selected by me and planned so as to give you a complete color range. There will be giant singles and doubles; mottled, striped and blended effects; soft pastel colors and gorgeously brilliant ones. None of your favorites will be omitted. They are prodigious bloomers and hardy anywhere.

8 Gorgeous Japanese Iris, Marvels of the Iris Family, All Different, All Labelled.....\$2.00

One of the varieties in Collection No. 8

Dorothy K. Williamson

(Illustration greatly reduced in size)

Collection No. 10—IRIS DICHOTOMA (Rare Chinese Species)

This is one of the rarest and most interesting of all Iris. Blossoms for a full four weeks during midsummer; an established plant will produce hundreds of lovely soft bluish-violet flowers in a single season. Height 30 to 36 in.

IRIS DICHOTOMA Each.....\$1.00

Collection No. 11—AUTUMN-FLOWERING IRIS

A few years ago there were no Autumn-Flowering Iris. This new race is one of the recent triumphs of the hybridizer's skill. They blossom twice a year, once in the spring and again quite profusely in the fall, from Sept. until frost. In this collection I will include four distinct colors, a rich blue, a fine yellow, a snow white and a bright purple. You may now have a garden full of Irises in the FALL, as well as other seasons.

Four Colors, One Each, Labelled, for.....\$2.00

Collection No. 12—WINTER-FLOWERING IRIS

This interesting Species, Unguicularis (also called Stylosa) is from Algeria, Asia Minor and Northern Syria. Flowers all winter long in the open in the Southern States; or in the protection of a cold frame in the North, or in a protected spot in the garden. Withstands zero weather out of doors; easy to grow. Color is a lovely blue.

4 Winter-Blooming Iris for.....\$2.00

of All of the Above 12 Groups for . . . \$22.00

Jersey's Beauty

The Most Popular Decorative Dahlia

Jersey's Beauty, with a rating of 87, is unquestionably the most popular of the Decorative Dahlias. In addition to being magnificent in the garden, it is a great favorite as a cut flower. There are by far more of this variety sold by florists than any other variety, as there is nothing finer for home decoration.

The color is a lovely clear pink and the flowers, which last well when cut, are of perfect form, borne on long strong stems. The plants bloom early and there is a continuous succession of flowers throughout a long season.

Jersey's Beauty is typical of the great group of Formal Decorative Dahlias described on the next page. Flowers belonging to this group have broad, flat and nearly straight rays, either pointed or rounded, in a fairly regular arrangement, the outer rows sometimes recurved. Jersey's Beauty is one of the favorites of this group.

The Cream of the World's Best Decorative Dahlias

It is my aim to always offer only the best of everything, but never before have I been able to assemble such a choice collection of Decorative Dahlias to be sold at such a modest price. The World's Best of each color are to be found in this group. A single tuber of several of these varieties recently sold for about the price of this entire collection. All of these will produce large showy blooms, many from 10 inches to a foot across. All are of exquisite beauty. If you are a beginner, you could not do better than to order this entire collection at the special collection price given at the end of this list. If you are a Dahlia enthusiast, you will want to add any of these superb varieties that you do not already have.

BEAUTY SUPREME—This new variety is identical with Jersey's Beauty, illustrated on opposite page, excepting for color, which is a lovely bluish lavender. 50c.

BLUE GEM—A magnificent new blue-toned variety. Very unusual color. 35c.

CALVIN COOLIDGE—Rich rose-pink, suffused salmon, with each petal distinctly edged gold. A magnificent variety. 35c.

CHEMAR'S EUREKA—One of the best whites. A very large flower of great beauty. 35c.

DOROTHY STONE—A magnificent large brilliant pink variety that sold in 1932 for \$5.00 for a single root. Now 50c.

ELLINOR VANDERVEER—An incomparable Dahlia of exquisite beauty and immense size. Color glowing lavender-pink. 35c.

EL TOREADOR—An outstanding brilliant red variety. Very large flowers. A great cut flower variety. Lasts a long time when cut. 35c.

FRANCIS LAROCCO—One of the finest. Clear crystalline yellow. Always loaded with flowers. 25c.

JACK ROSE—Brilliant Crimson; the color of the rose after which it is named. Free flowering. 25c.

JANE COWL—Monster flowers of glistening bronzy-buff and old-gold, deeper towards the center. Reverse of petals pale flesh. A magnificent variety that has won prizes everywhere. 35c.

JERSEY'S BEACON—One of the finest of all Dahlias. Of gigantic size and unusual Chinese Scarlet coloring. Sometimes nearly a foot across. 25c.

JERSEY'S BEAUTY—See illustration on opposite page. 25c.

KENTUCKY—A magnificent sport of Jersey's Beauty, with flowers of salmon-pink, shading to orange. Extra fine. 35c.

KISS ME—A new red and white bi-color and a sensational cut-flower variety. 75c.

MONMOUTH CHAMPION—Sold for \$5.00 in 1932 and is one of the best new Dahlias. A brilliant orange-flame color, with an unusual glistening surface. 35c.

MRS. ALFRED B. SEAL—One of the finest Dahlias in the world, which also sold for \$5.00 in 1932. Of gigantic size and depth and in the softest richest shades of pure glowing old-rose. 35c.

SEAL'S CALIFORNIA—Winner of innumerable prizes. The color is hard to describe. The center is bright golden-yellow, shading at the tips to a blending of rosy-pink, with a suffusion of bronze. 25c.

THE WORLD—Magnificent, rich deep rosy-magenta, with silver shades at the tips of the petals. 35c.

THOMAS A. EDISON—Rich royal-purple. Named for the famous electrical genius with his approval. Sold in 1932 for \$5.00. An unusual color and a magnificent flower. 35c.

TREASURE ISLAND—A great show Dahlia or garden variety, producing flowers ten inches across and five inches thick. Bright apricot, suffused with rose and gold. 35c.

WATCHUNG CHIEF—A magnificent new Dahlia, of unusual burnt-orange color and gigantic size. 50c.

WHITE KING—The world's finest and largest white. Gigantic flowers on strong straight stems. Superb as a show Dahlia. 75c.

"WORLD'S BEST" Decorative Dahlia Collection

I will furnish One of Each of the Foregoing 22 Magnificent VARIETIES of Decorative Dahlias, Strong Tubers, all Carefully Labelled.

(Value \$7.95) for \$6.00

3 of Each, Total 66 Tubers (value \$23.85) for \$15.00

This is the Biggest Bargain ever offered in High Class Dahlias

WONDERLAND DAHLIA COLLECTION

6 Giant, Showy, Decorative Dahlias, My Selection

From the Foregoing List, For Only \$1.50 Postpaid

While I cannot tell in advance the exact contents of each collection, I guarantee that you will receive much more than your money's worth, and will be well pleased, because each collection will contain some of the very choicest varieties.

Each variety will be distinctive, no two alike, and each collection will contain a good range of colors. I sell only fine, strong sound tubers, that will give you large, handsome flowers this season. Each tuber will be carefully labelled.

This collection will prove a most delightful surprise, as it will introduce you to some of the choicest Decorative Dahlias grown.

Tom Thumb Dahlia Collection

A Vase of Pompon Dahlias

This Collection consists of 8 lovely little Pompon or Baby Dahlias. These are delightful miniatures, two inches or less in diameter, yet perfect in formation. The quilled petals are set close and the flowers are well rounded.

The Pompons are especially liked for cutting. Their modest size and exquisite daintiness make them especially suitable for table decoration.

The colors are lilac, scarlet, yellow, white, pink, purple, crimson, lavender, orange, etc., in solid colors, striped and blended effects. Each collection will be made up to give you a nice color assortment, no two alike, and will contain only the choicest varieties of Pompons in the world, as I sell nothing but the latest and best. I have a magnificent group of Pompons this year, the finest I have ever offered. I wish I could describe the dazzling array of beauties that will go into this collection, but space will not permit. All will be carefully labelled.

8 Lovely Tom Thumb Pompons, Strong Tubers, for \$1.75

Delivered Anywhere in the U. S., Charges Prepaid.

“Desert Glory” Cactus Dahlia Collection

The Cactus Dahlias are a distinct type, having a great many very narrow petals. In some varieties the petals are straight, in others twisted, and in still others incurved or recurved. They are among the most attractive and artistic of all Dahlias and this collection will contain some of the very finest of them. Some of the flowers will measure ten inches across.

For added interest, and variety, I will include one or more hybrid cactus types, sometimes called Informal Decoratives. They have flat petals, slightly twisted at the tips and are interesting for their great beauty of color and form.

This collection is absolutely essential to a well-rounded dahlia display. It will give variety and interest in your dahlia planting. The colors range through salmon, pink, primrose yellow, pale lemon, old rose and gold, deep maroon and other beautiful tones. I guarantee a good range of colors in every collection.

All the varieties in this collection will be unusually handsome and distinctive. All will be carefully labelled.

A TYPICAL CACTUS DAHLIA

One of the most interesting of Dahlia types, lending itself to free, informal effects.

6 Magnificent Cactus and Hybrid Cactus Dahlias for \$1.50

Delivered Anywhere in the U. S., Charges Prepaid.

The Five Best Phlox

COLUMBIA PHLOX (Plant Patent #118). See illustration above. This new pink Phlox is the greatest Phlox ever grown. Each plant quickly produces many flowering stalks literally covered with masses of beautiful flowers. The color is the most exquisite cameo pink, with a soft blue eye, and the individual florets are unusually large. It is so rugged that it seems to be entirely free from insect pests and diseases and is the most continuous and free bloomer I have ever seen. Height 30 in. 3 for \$1.25; 12 for \$4.50, Postpaid.

ALBERT LEO SCHLAGETER PHLOX. This new vivid scarlet is just as fine in its color as Columbia is in the pink class. Its brilliance and purity of color is remarkable. It is by all odds the best red Phlox. Height 3 ft. 3 for \$1.25; 12 for \$4.50, Postpaid.

MRS. W. E. FRYER PHLOX. The finest white Phlox, finer, larger, and whiter than Miss Lingard, being a pure snow white. Produces twice as many flowers as any other white. 3 for \$1.00; 12 for \$3.00, Postpaid.

ANTONIN MERCIER—The best of the lilac shades, being a lovely delicate shade of lilac-blue. Free flowering. Best in partial shade where it retains its delicate color. 3 for \$1.00; 12 for \$3.00.

B. COMTE—Best deep purple. Satiny texture. Very brilliant. 3 for \$1.00; 12 for \$3.00.

Choice Hardy Perennials

1—Aquilegia

2—Hardy Ageratum

3—Bleeding Heart

I am presenting here an unusually attractive list of Hardy Perennials. It would be very easy to extend the list indefinitely, but I am confining the list to those items that I am sure any flower lover will be glad to have in their garden. Hardy Perennials are easy to grow, requiring less care than annuals or other garden plants. When once planted they can be depended upon to give a permanence to the garden by continuing to flower year after year with little care. With the addition of Perennials an everblooming garden may easily be created. Most of them are particularly useful for cut flowers. Several are low growing varieties especially suitable for the rock garden or small bed, or for planting along walks or paths or edging the border. All are hardy anywhere and the plants I will send will all be large, healthy, two year field grown specimens, with masses of fibrous roots, ready to produce an abundance of flowers.

Perennials should never be planted singly, but for best effect should always be planted in clumps of several plants of a variety, or in masses.

ALL PRICES ARE PREPAID on orders of \$2.00 or over. Please remember this because the postage on some of these heavily rooted plants is often one third of the value of the order.

AQUILEGIA (Columbine)—15 to 18 in. See illustration No. 1. Every gardener loves the dainty Columbines. The Long-spurred Hybrids I am offering are a great improvement over the older varieties. There is a wide range of delicate soft colors and rich pastel shades. Large healthy 2-year field-grown plants. 3 for 75c; 6 for \$1.25; 12 for \$2.00.

RED YUCCA—You no doubt know the White Yucca, which produces its four foot spikes of white bell shaped flowers, each a giant bouquet in itself; but you probably never before heard of the new **RED YUCCA**. It is the same as the White Yucca, but with brilliant red flowers. The foliage is of tropical appearance and remains green all winter regardless of sub-zero weather. Large strong extra heavy plants \$1.50 each.

DELPHINIUMS—See illustration No. 5. These Hybrids produce huge spikes 4 to 5 feet high, studded with blooms. The flowers range through mauve, blue, purple and white. The plants we are offering this season should sell for \$1.00 each, but we have an extra fine large stock of them and are making a special price inducement that should appeal to all flower lovers. Sold in mixed colors only. 3 for \$1.50; 6 for \$2.50; 12 for \$4.50.

FUNKIA SUBCORDATA GRANDIFLORA—This rare and unusual Funkia has large exquisitely fragrant white flowers resembling Easter Lilies and almost as large, borne profusely all Summer long. The foliage is also ornamental and quite unlike the lily foliage. They are so hardy that they will grow anywhere in sun or shade with practically no care. Equally attractive in the rock garden or in a wild garden, or in the border or in a bed by themselves. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

GIANT MALLOWS—3 ft. These improved Giant Mallows have flowers as large as a dinner plate in the most lovely pure pink, also in white and vivid red. They look much like huge Hollyhocks, but the flowers are several times as large and the plant more bushy. They flower profusely all summer and require no care. The extra strong clumps I send will flower the first year and increase in beauty each year. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

HARDY SWEET PEAS (Lathyrus)—The flowers are quite as handsome as the annual sweet peas, but once planted these hardy sweet peas will take care of themselves, coming up each year with little or no care. For covering a low trellis or fence there is nothing finer. The vines die down during the Winter and make new growth each Spring and Summer. The plants are of such rugged growth and so much branched that each plant will cover several feet of fence or trellis. The flowers grow in clusters, one cluster being sufficient for a corsage bouquet, and the plants are covered with these clusters of delightful red, pink and white flowers all Summer long. The flowers on each plant, of course, are of one color, and the plants are sold in mixed colors only. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

TRITOMA HYBRIDS—See colored illustration No. 4. These hybrids include pale yellows to deep orange and scarlet. They are very showy and effective in the garden when planted in masses of 6 or more. 3 for \$1.00; 6 for \$1.50; 12 for \$2.25.

HARDY CARNATIONS—

IMPROVED CRIMSON KING—This is by far the finest of all Hardy Carnations, flowering perpetually throughout the entire Spring, Summer and Fall. The color is a dazzling crimson and the stems are long enough to make it suitable for cut flowers as well as an excellent garden subject.

3 for \$1.25; 6 for \$2.00; 12 for \$3.50

GRENADIN PINK—A lovely delicate pink Hardy Carnation, that is equally fine in the garden and for cut flowers.

3 for \$1.00; 6 for \$1.50; 12 for \$2.50

GRENADIN WHITE—A wonderful white form of the above.

3 for \$1.00; 6 for \$1.50; 12 for \$2.50

PLUMED BLEEDING HEART—The plumed foliage of this variety has a beautiful fern-like appearance, more handsome than the finest fern. Blooms all Summer and the foliage remains handsome until killed by severe freezing weather. Prefers semi-shade.

3 for \$1.50; 6 for \$2.50; 12 for \$4.50.

EUPATORIUM COELESTINUM (Hardy Ageratum)—See illustration No. 2. 18 to 24 in. Those who are fond of the lovely blue Ageratum will surely find this hardy species even more enchanting. The plant is literally covered with true fluffy blue Ageratum flowers, from August until frost; and best of all it reappears each year without further attention after it is once planted.

3 for 75c; 6 for \$1.25; 12 for \$2.25.

GAILLARDIA—18 in. See illustration No. 6. Daisy-shaped orange yellow flowers, banded with red. Flower freely all summer and fall.

3 for 75c; 6 for \$1.25; 12 for \$2.00.

CANTERBURY BELLS (Campanula)—2 ft. Extremely showy bell-shaped flowers in a lovely shade of blue; also snow white and an exquisite pink shade. These are so well known that no detailed description is necessary, but they are among the most attractive of our hardy Perennials. The plants are of upright growth and literally covered with flowers, which last several days when cut.

3 for 75c; 6 for \$1.25; 12 for \$2.00.

ARTEMESIA SILVER KING—3 ft. A striking plant with frosted silvery white foliage. Beautiful for setting off bouquets or floral pieces, and especially effective in the garden.

3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

HARDY CHRYSANTHEMUMS

We must have Hardy Chrysanthemums to provide Fall flowers in the garden as well as cut flowers for the house, and it is simply amazing what great quantities of magnificent flowers these newer varieties will furnish. The following group contains the finest of each color. All are free flowering, being literally covered with blossoms. All are large flowered double varieties. They will be the last flowers to bloom in your garden, continuing until frost. They are easy to grow, requiring no special care. Height about 2 feet, excepting where otherwise stated.

ONE COLOR OR ASSORTED AS YOU WISH

3 for \$1.00 6 for \$1.75 12 for \$3.00

VIVID—A beautiful variety that is aptly named, the color being a vivid American Beauty Rose Red. A new and attractive color in Hardy Chrysanthemums.

PETITE LOUISE—A very lovely large flowering double soft pink variety that is just loaded with masses of flowers.

BARBARA CUMMING—Very large, attractive, fully double flowers of clear yellow, flowering from August until October.

JEAN CUMMING—The finest of all Hardy white Chrysanthemums. Large double flowers of the purest snow-white, with a very soft yellow and blush shading at the center.

FRANCES WHITTLESEY—Rich bronze and garnet. A long flowering low growing variety, being only 12 to 15 inches tall. Excellent for bedding on account of its unusual color, stiff stems and upright growth. Flowers from August until killed by heavy frost.

INDIAN—It would be hard to imagine a more attractive or more free flowering variety than this one. It is well named, as the color is a pure Indian Red. It is a stunning sight in the garden and equally attractive as cut flowers. A plant produces a whole armful of fine large double flowers.

MRS. F. H. BERGEN—Fine, large, double soft pink, with deep pink center. A very lovely variety.

GRANNY SCOVILL—A gorgeous large double flower, fully 4½ inches across; color a rich glowing coral-bronze. One of the best.

ONE OF EACH OF THE ABOVE 8 FINEST VARIETIES FOR \$2.00 Postpaid

3 OF EACH, TOTAL 24 PLANTS, FOR \$5.00

4—Tritoma

5—Delphiniums

6—Gaillardia

Hardy Water Lilies

Water lilies are easily and successfully grown by those who have had no previous experience, by following the simple directions accompanying all shipments. The simplest form of miniature water garden is an ordinary tub or half barrel sunk in the ground and filled with water. Three or more tubs are sometimes grouped together, filling in the intervening space with suitable perennials. This arrangement is very effective in a small garden.

This group of strong growing, free flowering Hardy Water Lilies illustrated here and listed below is largely responsible for the popularity of this marvelous floral genus. They each produce an endless succession of blooms from early May until October.

CHROMATELLA—Most popular of all Water Lilies. Lovely soft yellow flowers. Leaves handsomely spotted maroon.

MARLIAC WHITE—Snowy white, with bright yellow central stamens. Exquisitely fragrant. Blossoms 5 to 6 inches across.

MARLIAC PINK—Marvelous pink, deepening in color as the plant becomes established.

ABOVE 3 VARIETIES \$1.00 EACH, 3 FOR \$2.50, 6 FOR \$4.50

One color or assorted as you wish

Postpaid on orders over \$2.00. Otherwise add 20¢ for postage and packing.

“World’s Best” Water Lily Collection

SUNRISE—Largest and finest of all Hardy Water Lilies, blossoms often measuring 11 inches across. Exquisite soft yellow. \$2.25

ATTRACTION—Finest vivid garnet red flowers measuring 8 inches across. \$2.50

GONNERE—Best White. Extremely double, averaging 80 petals to a blossom, making a peony-shaped flower. See illustration above. \$2.00

AMABILIS—One of the best recent introductions. Large flowers of a delightful pink tone. See illustration above. \$3.00

ONE OF EACH OF THE FOUR WORLD’S BEST WATER LILIES, VALUE \$9.75,
FOR \$7.50. Delivered to your door—postpaid.

Giant-Flowered CANNAS

The flowers of these Modern Cannas are so huge and showy that one stalk of them will make a big bouquet; while a group of them in the garden will provide a riot of color, tropical in its exuberance. The foliage is extremely ornamental, being green in some varieties and bronze in others. They are very easy to grow. The roots I will send will produce large handsome flowers this summer, and will continue to bloom right through the summer and fall, until the tops are killed by frost. Then they are dug and stored like gladiolus. Read the brief descriptions below and place your order immediately, as early planting is desirable.

25¢ Each for Any Variety in Following Group: Any 7 for \$1.50, Either in One Variety or More, Your Selection, or I Will Make a Nice Selection for You if You Wish. 100 of One Variety, or Assorted, Your Selection, for \$10.00.

- ALSACE—Pale Sulphur changing to cream. 4 ft.
- HALLI—The exquisite pink color of the La France rose, with green foliage. 3 ft.
- KING HUMBERT—Immense heads of coppery-scarlet flowers with bronze foliage. 5 ft.
- KING MIDAS—The finest brilliant pure yellow Canna originated to date. A real aristocrat. Height 5 ft.
- YELLOW KING HUMBERT—Massive flowers of golden yellow, beautifully spotted red. Tropical green foliage. Handsome. Height 4 ft.
- LOUISIANA — Orchid flowering type, with large trusses of vivid scarlet. Height 5 ft.

- ORANGE BEDDER—A particularly valuable bedding variety. Dazzling bright orange color, with just enough scarlet suffusion to intensify the mass of color.
- PANAMA—Large flowers of rich orange-red, with a bright golden yellow border. 3½ ft.
- RICHARD WALLACE—Clear soft canary-yellow, with green foliage. Very free flowering. 4½ ft.
- SAN DIEGO—A most unusual and exceptionally beautiful variety, with red foliage and Persian yellow flowers, having beautifully creped petals. 4 ft.
- THE PRESIDENT—A gorgeous variety with immense trusses of bright red flowers the individual florets of which measure more than six inches across. Very profuse bloomer. One of the best. 4 ft.
- WINTZER'S COLOSSAL—Gigantic flowers that will more than cover a man's hat. A magnificent brilliant scarlet variety. 5 ft.

Hemerocallis (or Daylily)

In the whole horticultural world nothing is more showy in the garden, more prolific in flowering or more easily grown than these modern Hemerocallis or Day-lilies. An established plant will produce as many as 500 Lily-like flowers in a single season. The colors run from soft creamy yellow to deepest orange. Some flower during May, others during June, and still others during July and August in the latitude of New York. Some occasionally continue flowering during September and even October. Some are extremely fragrant. Many are shoulder high and all are of stately magnificence in the garden. They are suitable for full sun or semi-shade and are not particular as to soil or location.

AMARYLLIS—36 in. Large handsome golden yellow flowers during July and August. \$1.00.

APRICOT—24 in. Soft apricot flowers of perfect form and exquisite fragrance during May and June. 75c.

DR. REGEL—24 in. Exquisitely fragrant rich orange-yellow flowers during May. 50c.

CITRINA—50 in. Very sweetly scented, delightful soft yellow. Flowers during July and August. 50c.

GOLD DUST—40 in. Deep orange. May and June flowering. 50c.

J. A. CRAWFORD—48 in. One of the best deep apricot colored varieties. Flowers from June to August. \$1.25.

J. R. MANN—One of the most handsome of all Hemerocallis. A frosted flower of buff and yellow. Flowers June to August. \$1.00.

MIKADO—36 in. A very handsome, new, fragrant, large flowered variety. Rich orange with deep mahogany-red center. July to October. Very rare. \$3.00.

MRS. W. H. WYMAN—42 in. A fine new variety with flowers of soft yellow, overlaid deep yellow. July, August. \$1.00.

ORANGE KING—36 in. Extra fine deep orange flowers during July and August. \$1.00.

SUNKIST—36 in. New deep soft rose, lightly flushed bronze, with a soft yellow line down the center of each petal, giving an unusually attractive effect. July and August. \$2.50.

THE GEM—40 in. Magnificent deep yellow, flowering during July and August. One of the best. \$1.00.

WAUBUN—36 in. An outstanding new soft yellow sprinkled with traces of red. The twisted petals give it a unique and attractive appearance. One of the best of Dr. Stout's introductions. Usual flowering season, July and August, but has flowered for me through September and October and right up to frost. \$3.00.

WOODLOT GOLD—40 in. A large and handsome crinkled flower of soft but bright yellow. One of the finer new introductions. \$2.00.

"The Gem" Collection

5 large plants, my selection from the above list, all different, each separately labelled, value at least \$4.50 for \$2.50.

To flower from May to August
Order as many collections as you wish, but only
5 different varieties can be furnished
